

# Summer Dance Camp FAQs

## What is the camp schedule like? What do the kids do?

During the camp children do ballet, Hip-hop and a Jazz class; these classes are typically 45 minutes. Campers get 2 snack breaks and a lunch break. They also spend time rehearsing choreography for the end of the week show. Campers also have some free time and craft or scenery construction time. A sample schedule is below.\*

## Are there Half Day Options?

Your child may do a half day. However, it will limit your child’s participation in the dance video. Also, we do not offer a discount for half day. Most children (even young children ages 4-5 years old) love dance camp, and once they are here - they don’t want to go home! If you have any concerns, please reach out to us beforehand.

## Will the camp be split into groups?

Yes, but, it depends... We can’t guarantee that dancers will be in 2 groups for the entire day. If the camp is at full enrollment, then children will be split into 2 groups for almost the entire day to maintain social distancing. If the camp is not full and we have children at different levels of dance techniques, then we may split the children just for dance. Campers are split into groups based on age, maturity and dance experience.

## Will the camp be outdoors at all?

No, the camp is entirely indoors.
