Are there Half Day Options?

Your child may do a half day. However, it will limit your child's participation in the final show. Also, we do not offer a discount for half day. Most children (even young children ages 4-5 years old) love dance camp, and once they are here - they don't want to go home! If you have any concerns, please reach out to us beforehand.

Will the camp be split into groups?

It depends on how many children are part of the camp... We can't guarantee that dancers will be in 2 groups for the entire day. If the camp is at full enrollment, then children will be split into 2 groups for almost the entire day.

Will the camp be outdoors at all?

No, the camp is entirely indoors.
